CARPET & FLOORING

“When I set up Rivendell Carpets and Flooring, my aim was to provide a professional, quality flooring service to individuals. Having supplied carpet and flooring for countless homes across Bristol since 2000, my team and I know that the floors in your home are just as important as any other element of your internal décor.

Enjoy our brochure and we'll be ready when you need us.”

# Mandy Risso

Managing Director | Rivendell Carpets & Flooring

# For Your Home

If you are looking to transform your home with stylish flooring we can provide you with a wide selection of quality carpets, vinyl's, laminates or real wood options to suit all budgets.

Our consultative approach offers you the convenience of selecting the right flooring from the comfort of your own home at a time convenient to you.

During our no obligation Home Consultation our flooring expert will be available to provide advice on colours, styles and flooring options and will bring along samples so that you can more easily select flooring that matches your existing interiors, furnishings and lighting.

During the visit we will also take all of the necessary measurements and check the condition of existing floors so everything is completed at one time and we can provide you with a competitive quote quickly and with minimal fuss.

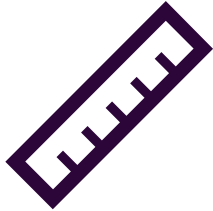

# Stylish Flooring made easy

## Free Home Consultation

We come to your home at a time that's convenient for you bringing a wide range of flooring samples with us. We can provide advice on colour, style or flooring types.

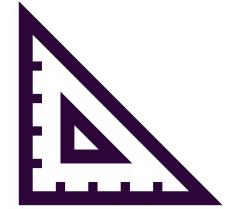

## Measure up

Whilst there, we will take all of the measurements needed to provide you with a competitive quotation, so you don't need to make another appointment.

## Fast quote

Upon selecting your perfect flooring, we will provide you with a detailed, competitive quote within 48 hours. No waiting or chasing to hear back.

## Fitting

If you are happy with our quote, we will arrange a convenient time for our professional fitters to transform your home with your new flooring.

## Visit our Flooring Studio

This appointment-only creative space is somewhere you can visit to look for inspiration and explore the range of gorgeous, high quality flooring options from leading suppliers that we have available.

# Wooden Flooring

If you want a floor of distinction and timeless quality then wood may be at the top of your list. The clean lines and wonderful natural patterns within wooden flooring can transform a room into a truly special place.

## Wooden flooring options

**Solid wood** – As the name suggests each piece is a solid unique piece of timber and provides maximum character. If scratched or damaged, solid wood can be sanded down to return it to its original finish.

**Engineered wood** – This is comprised of layers of wooden boards secured together and topped with timber of your choice. It provides greater stability than solid wood, is easier to lay and less expensive but still gives you the authentic wooden finish.

**Laminate** – An image of wood is laminated onto a backing board. This is a cost effective way to achieve a wood look and is an extremely durable and scratch resistant option. The wood effect can be created to a high standard through the selection of a quality product. Laminate can also be used to get a wood effect in bathrooms where real wood is not suitable due to excessive moisture.

# Carpet

Carpet is a warm, versatile flooring option popular with many of our clients. A new carpet can bring a touch of luxury to a bedroom, elegance to a living room and a warm welcome to an entrance hall. The wide range of styles and designs available enable it to suit any style of home.

## The benefits of choosing carpet

- Comfortable and warm under foot
- Huge range of options with various fibres, colours, patterns & textures
- Provides heat and sound insulation
- Carpet options to match most budgets
- Non-slip surface

## Choosing the right texture

In addition to a range of fibres, there are a variety of different textured finishes available. Different finishes will be more appropriate for particular rooms. The main options are:

**Twist** – Made from twisted cut fibres that lend themselves to most rooms in your home. They are less likely to show marks than some of the other finishes and are hard-wearing so ideal for areas of heavy traffic such as stairs or hallways.

**Loop** – Made from uncut loops of yarn that can be flat or textured. They tend to have a rugged look and hold their shape well. Loop may not be a good idea if you have pets though, as the loops can get caught in their claws.

**Velvet** – A cut pile like twist, but offering a more luxurious finish.

**Saxony** – Again a more luxurious option. It has a deeper pile, giving a cosy feel that works well in bedrooms.

# Vinyl / Luxury Vinyl Tiles

Water resistant, durable and easy to clean, vinyl is an excellent choice for any room in your home, lending itself particularly to bathrooms and kitchens.

Available in a wide range of styles, design details and safety technologies, vinyl is an affordable option offering style, durability and long-lasting performance; so you are bound to find one that suits your tastes.

## Designed to Last

Designed for high durability, vinyl flooring is both resilient and hard-wearing. With substantial slip resistant features and low maintenance, hygienic properties vinyl is the perfect solution for high traffic areas such as kitchens that have to cope with family life, pets and potential frequent spillages.

## The Benefits of choosing Vinyl:

- Water-resistant
- Durable
- Hygienic
- Easy to clean
- Lots of choice & beautiful styles available

## A wide choice of Manufacturers

At Rivendell we can supply vinyl flooring from a wide range of leading manufacturers including Polyflor, Karndean, Moduleo, Forbo, Amtico and Altro.

# Customer Reviews

"Your personal home visiting service and willingness to help, really was appreciated. You made the other people who quoted on the job look very poor indeed. There was nowhere near the standard you offered and your price was also very keen."

"On the day of the installation everything ran very smoothly leaving me to continue with a normal days work very easily. The three fitters arrived and unloaded their van ready to bring the materials into the house at the arranged time and got straight on with the job. They were all very pleasant and were well briefed on what had been arranged to take place on the day. Mandy had even arranged a carpenter to pop in during the installation to ensure all the doors still worked properly after the new thick pile carpet was laid."

"The finished was absolutely faultless and we were very pleased with the whole process Rivendell Carpets and Flooring had delivered. I would have no hesitation in recommending them to any of my friends or associates."
